

CALL FOR POSTS | DIE PARLAMENTE DEN VIELEN

Vote for those who can't vote!

We asked around in and around the Theaterhaus:

1 collective - 4 members - 3 of them not eligible to vote. A pretty bad average, but especially in the field of creative work and especially in Berlin, not untypical.

In the context of DAS PARLAMENT DEN VIELEN is to be made attentive exactly to this deplorable state of affairs: Many people who work here day in and day out and are an important part of social coexistence are not allowed to participate in the upcoming election at all or only partially. What does an election result at the end of September actually represent?

We support the campaign and ask you: What is the situation in your ensembles/collectives/groups? How many of you are eligible to vote? What are your experiences and positions on the topic?

For the nationwide day of action of DAS PARLAMENT DEN VIELEN on 19 Sept 2021 we want to send a contribution from the Theaterhaus. If one or more people from your groups are not or only partially entitled to vote, vote for THEM and send us a photo of your entire group and the corresponding voting section (example: 1 of 4) ... We will make a collage out of it and publish it on 19 Sept 2021 through our channels.
